ORIGAMI STATION

Origami originated from China and was popularized in Japan. It is the art of paper folding. In Japanese, "ori" means folding and "gami" means paper.

HEART BASKETS

Scandinavian Hearts are a popular holiday item. It is an old Scandinavian tradition to make woven paper or felt hearts to fill with candies or nuts and put on the Christmas tree.

PAPER LANTERNS

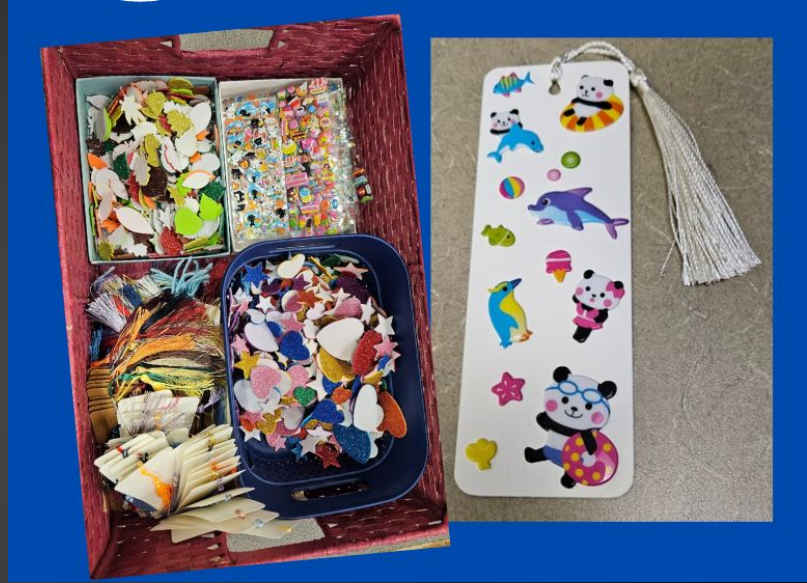

Paper Lanterns mean good fortune and love for Vietnamese people who believe that lighting and floating lanterns on the river can bring the health and happiness

PAPER FLOWERS

Paper flowers are traditional folk art from Mexico. They are made from tissue paper or crepe paper and are beautiful with vibrant colors. They are used as decoration for all kinds of celebrations, including weddings and parties.

SEASONAL

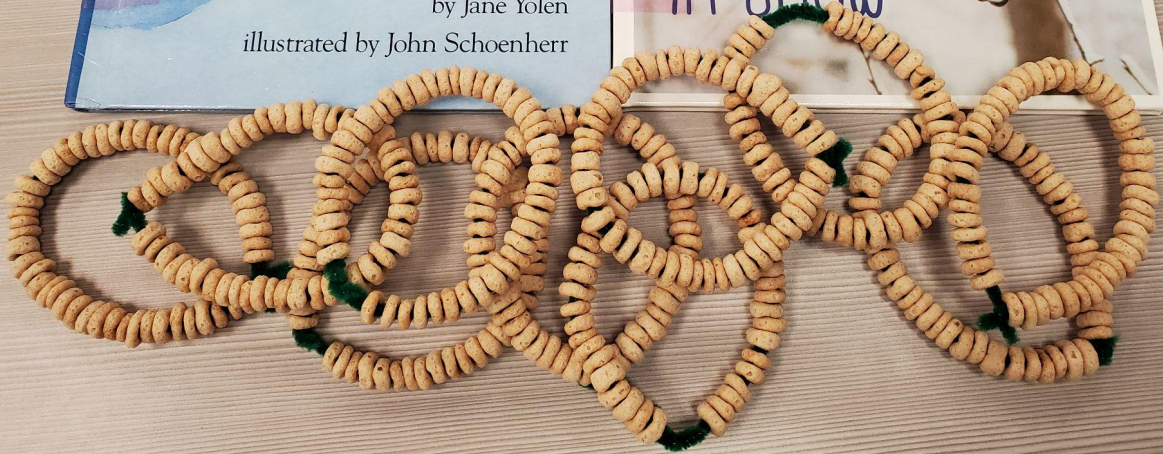

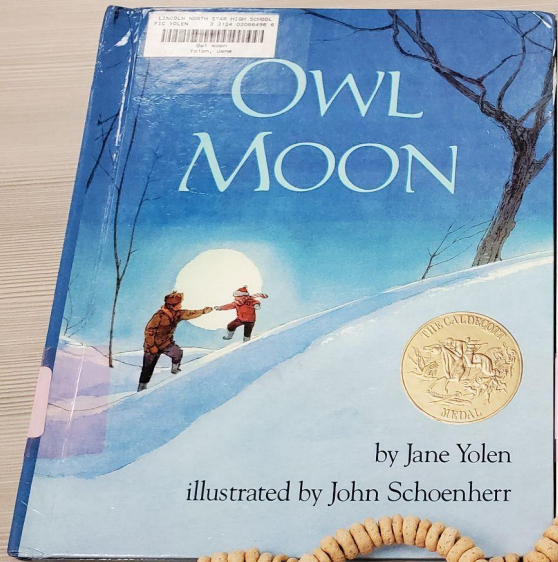

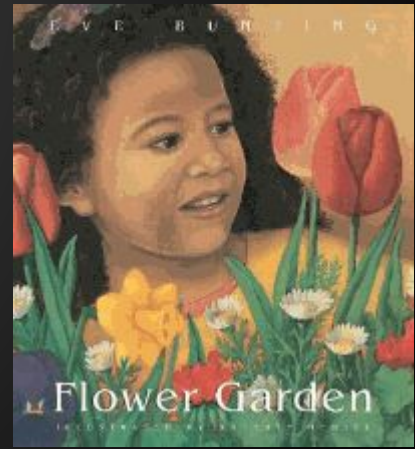

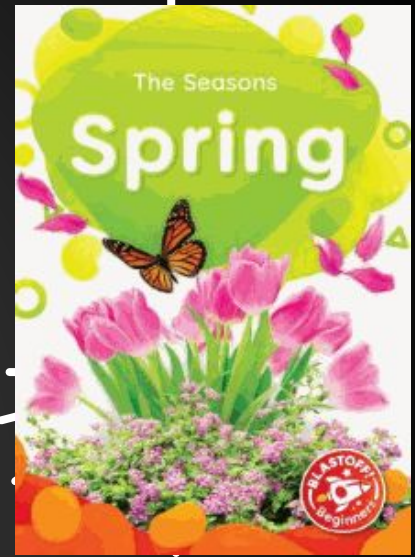

Winter
Holidays

A deliciously flavorful variety of flat-leafed parsley. The plants are large and bushy, reaching up to a foot tall. The potent flavor of this parsley makes it especially well suited to drying for long-term storage.

Germination 20-30 Days	Soil Temp. 65°-70°F	Light Full Sun	Planting Depth 1/4"

Instructions: Soak seeds for 24 hours before planting to speed germination, as parsley tends to take a long time to germinate. Plant in an area with plenty of sun. Harvest in the morning for best flavor.

Saving Seed: Parsley is a biennial and flowers the second year. Cover plants with fall leaves for winter protection. The following year, the seed head will form, flower, and dry out. Remove from the plant and crush the seed head inside a paper bag to collect seeds.
