

## **Introductory Analysis of Objects**

**Observation: What do you know about this object?**

**Interpretations/Inferences: What do you think you know about this object?**

**Research Question: What would you like to know about this object?**

From "Using Memory Prints, Photographs & Graphics in Teaching" by Ursula Marcum, The Lab School of Washington-Baltimore Campus, at An Adventure of the American Mind Summer Institute, Washington D.C., June 27, 2001.
